The Secrets of Mental Math Scope: Most of the mathematics that we learn in school is taught to us on paper with the expectation that we will solve problems on paper. But there is joy and lifelong value in being able to do mathematics in your head. In school, learning how to do math in your head quickly and accurately can be empowering.

Arthur T. Benjamin, Ph.D. - iranischool.com

A new study about the psychology of keeping secrets has categorised over 13,000 secrets. For the purposes of the study, a secret was any information that a person intended to conceal from one or more individuals. The study was first published in the Journal of Personality and Social Psychology in May, and was co-authored by Michael Slepian.
