

internet censorship freedom in pdf

Internet censorship is the control or suppression of what can be accessed, published, or viewed on the Internet enacted by regulators, or on their own initiative. Individuals and organizations may engage in self-censorship for moral, religious, or business reasons, to conform to societal norms, due to intimidation, or out of fear of legal or other consequences.

Internet censorship - Wikipedia

Internet censorship in China is among the most extensive censorship in the world due to a wide variety of legal and administrative regulations. More than sixty internet restrictions have been created by the Government of China, which have been implemented by provincial branches of state-owned ISP, companies, and organizations. According to CNN, the apparatus of China's internet control is ...

Internet censorship in China - Wikipedia

China's central government has cracked down on press freedom as the country expands its international influence, but in the internet age, many of its citizens hunger for a free flow of information.
