Kate Summer, a nurse case manager on a telemetry unit, is leading an initiative to reduce the 30-day readmission rate of older patients with heart failure. She knows from experience that more effective communication and collaborative planning by the interdisciplinary team managing these patients is crucial for reducing readmissions. But doing this has been challenging for [â€¦]

Creating high-performance interprofessional teams

The link between miscommunication and poor patient outcomes has been well documented. To understand the current state of knowledge regarding interprofessional communication, an integrative review was performed.
