Uncategorized We built voice modulation to mask gender in technical interviews. Here's what happened. Posted by Aline Lerner on June 29th, 2016. interviewing.io is a platform where people can practice technical interviewing anonymously and, in the process, find jobs based on their interview performance rather than their resumes. Since we started, we've amassed data from thousands of ...

We built voice modulation to mask gender in technical

An Informational Interview (also known as an Informational conversation) is a meeting in which a potential job seeker seeks advice on their career, the industry, and the corporate culture of a potential future workplace; while an employed professional learns about the job seeker and judges their professional potential and fit to the corporate culture, so building their candidate pool for ...
