Introduction to Network Visualization with GEPHI

Network Analysis and visualization appears to be an interesting tool to give the researcher the ability to see its data from a new angle. Because Gephi is an easy access and powerful network analysis tool, we propose a tutorial designed to allow everyone to make his first experiments on two complementary datasets.

Anthropology is the holistic "science of humans", a science of the totality of human existence. The discipline deals with the integration of different aspects of the social sciences, humanities and human biology. In the twentieth century, academic disciplines have often been institutionally divided into three broad domains.
