

investment in energy assets pdf

Foreword to meet renewable energy investment needs in full, or to set the terms for renewable energy project finance. While institutional investors may not be a panacea for renew-

The Challenge of Institutional Investment in Renewable Energy

In general, to invest is to distribute money in the expectation of some benefit in the future – for example, investment in durable goods, in real estate by the service industry, in factories for manufacturing, in product development, and in research and development. However, this article focuses specifically on investment in financial assets.. In finance, the benefit from investment is called ...
