

judicial power and the pdf

The judiciary (also known as the judicial system or the court system) is the system of courts that interprets and applies the law in the name of the state. The judiciary can also be thought of as the mechanism for the resolution of disputes. Under the doctrine of the separation of powers, the judiciary generally does not make statutory law (which is the responsibility of the legislature) or ...

Judicial Discipline Reform – A study of judges

Judicial review is a process under which executive or legislative actions are subject to review by the judiciary. A court with authority for judicial review may invalidate laws acts and governmental actions that are incompatible with a higher authority: an executive decision may be invalidated for being unlawful or a statute may be invalidated for violating the terms of a constitution.
